COMMON AREA SURVEY RESULTS

Thanks to the 32 unit owners who completed the survey. It is great to know, from the unit owners, what your preference in redecorating the common areas. Five unit owners don't want anything changed; 8 would prefer the community room re-organized, and 19 see redecorating the lobby as the priority when funds become available. Again, thanks for letting us know! We will keep you informed as the current exterior work moves forward.
